MediCare

Online Healthcare Management
System

THE PROBLEM

The Problem

PROBLEM

Hard to find the right doctor

→ **IMPACT**

Delayed care

PROBLEM

Fragmented health information

→ **IMPACT**

Scattered records

PROBLEM

Manual appointment processes

→ **IMPACT**

Wasted time

PROBLEM

Limited doctor information

→ **IMPACT**

Uninformed choices

PROBLEM

Poor patient-provider coordination

→ **IMPACT**

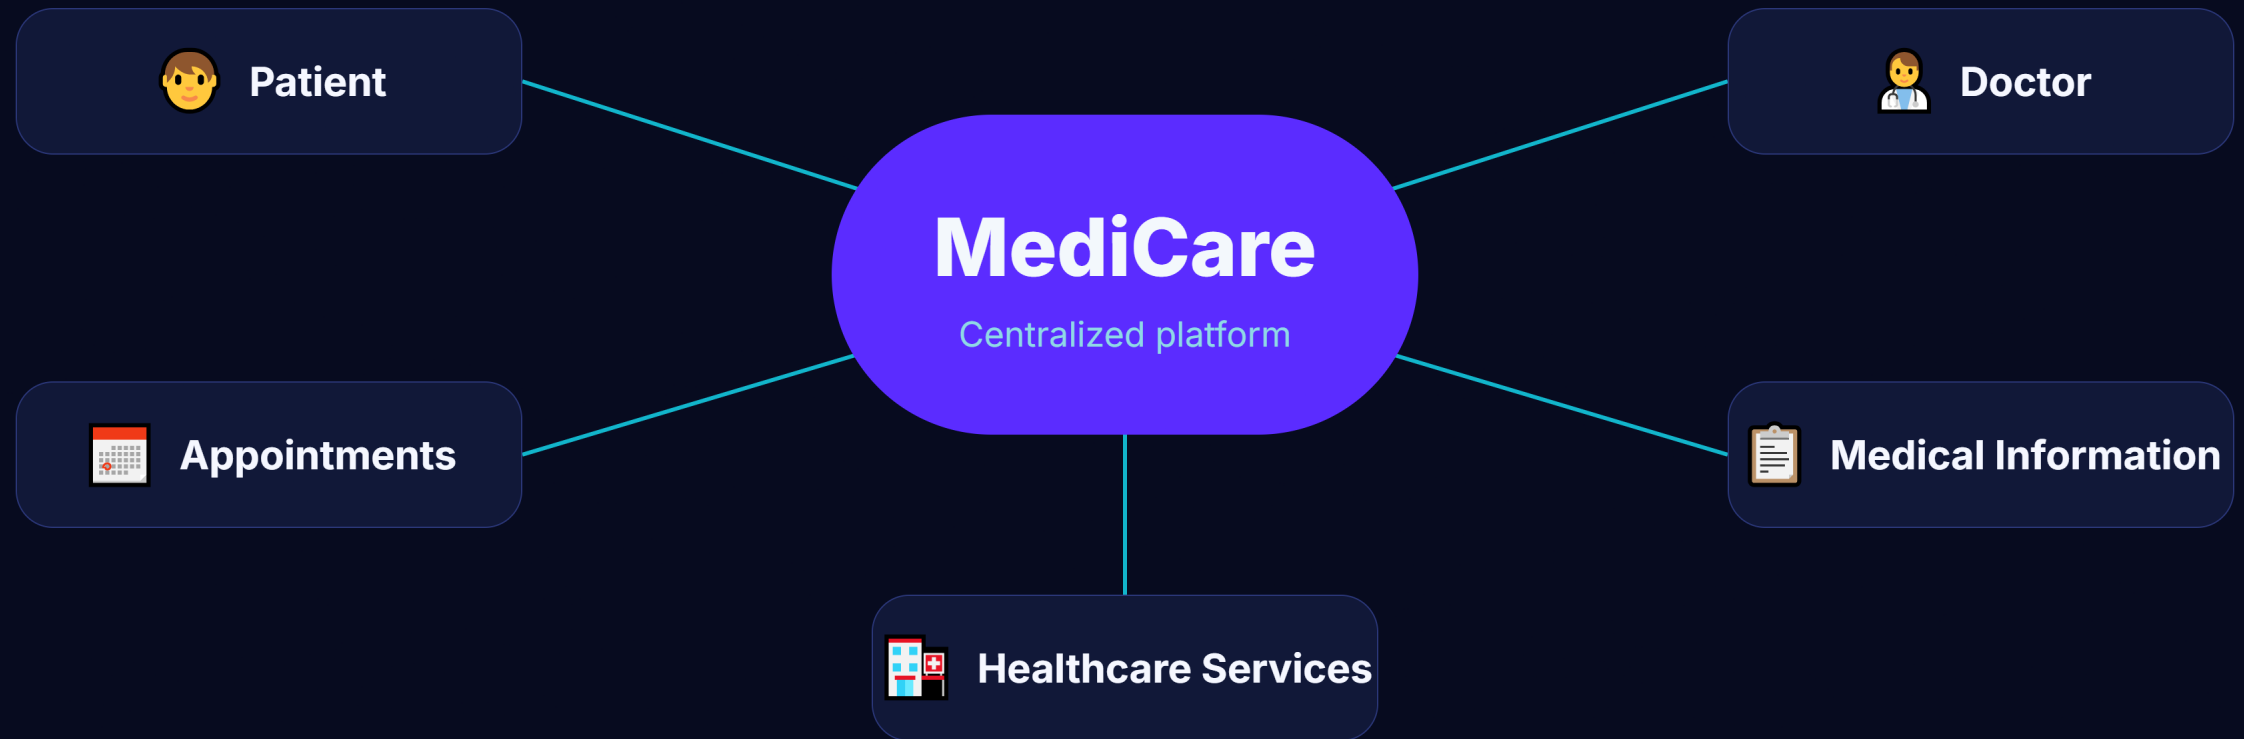

Disconnected care

Healthcare should be accessible, organized and connected.

OUR SOLUTION

Our Solution — MediCare

MediCare brings essential healthcare interactions into one simple, secure platform.

KEY FEATURES

Everything Healthcare, Connected

Patient Management

Profiles & care

Doctor Management

Specialties & profiles

Doctor Search

Find & filter

Appointments

Book & manage
